Hi Natalie,

I'm hoping you can help me snag Ken or Cliff or both for a conference call on the Bay Delta Conservation Plan. I will be on the phone from San Francisco, but looping in my boss by phone from DC. Would like to schedule something Monday afternoon after 1:30. Can you let me know a time that might work for the guys?

Kathleen H. Johnson

Hi Kathleen

I did hear about your reorg. Congrats on your massive power grab. ☺ Happy to try and talk on Monday. Natalie can help schedule. ken

Hey Ken and Cliff,

Hope you guys are doing well. I haven't talked to either of you in a long time. As you may know, we recently reorganized and created a consolidated enforcement division for which I am the Director. More recently, we moved some other programs around and I inherited our NEPA program as well. Although that may sound funky, it actually aligns with our HQ Enforcement Office, which also houses the NEPA program.

That's a long way of explaining why you are getting an email from me regarding the Bay Delta NEPA review! As you probably are aware, the public comment period on the Draft EIS closes the end of the month and we are preparing to issue our comment letter on July 29th.

Jared and I would like to talk with you about this next week, Monday if possible. Jared is flying to DC next week for a series of meetings, but is available Monday afternoon after 1:30 Pacific Time. Would one or both of you be able to talk with us Monday afternoon on this? If it's easier for me to coordinate with your scheduler(s), I'm happy to do that as well.

Thanks!

Kathleen
